TRIGGERS

Prevent Past Appointments

This trigger prevents the user from setting appointments in past dates.

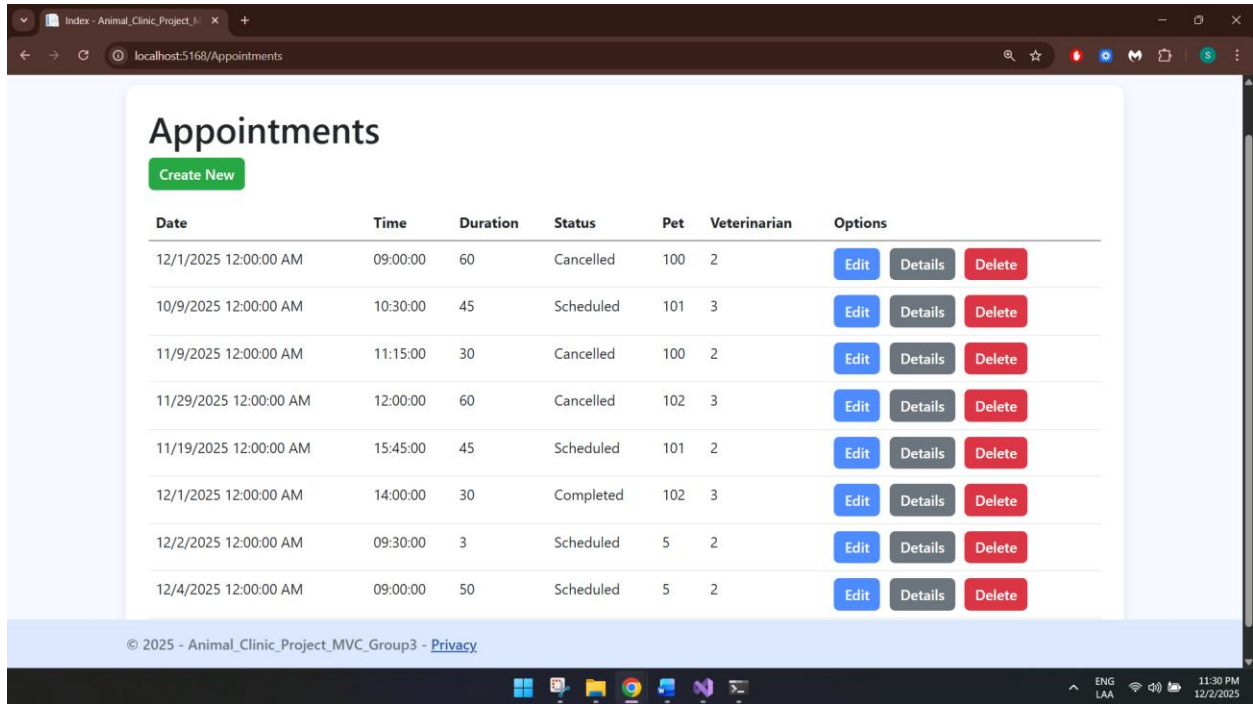

The screenshot shows a web browser window with the URL `localhost:5168/Appointments/Create`. The page title is "Create Appointment". A red error message is displayed: "The vet already has an appointment in this timeslot, please select a different one." The form contains the following fields:

- AppointmentId: 1
- Date: 02/12/2025 23:11
- Time: 9:30
- Duration: 57
- PetId: 5
- VeterinarianId: (empty)

The footer of the page reads: "© 2025 - Animal_Clinic_Project_MVC_Group3 - [Privacy](#)". The Windows taskbar at the bottom shows the date and time as 11:11 PM on 12/2/2025.

Cancel future appointments

This trigger cancels future appointments if a pet is deleted.
